Experiment

Careful advertisers who trace results know that the Tee-Dee Want Ads. are business bringers; that instead of their being business bringers for some lines only part of the time, they yield excellent returns for practically all lines all the time. The Time-Dispatch reaches not only the home people of Richmond, but reaches the homes of all Virginia, and the Tee-Dee Wants are read and patronized by all of these people. Compared with other methods of estbalishing a constantly growing and probitable business, none have been found so uniformly successful as the
